

In addition to limited treadwear warranty, Nokian Tyres will be offering a supplemental warranty on purchases of a set (4) Nokian eNTYRE 2.0 after October 1st 2015.

**For eNTYRE 2.0 with a UTQG rating of 720/A/A:**

Should your Nokian eNTYRE 2.0 wear evenly on all four tires across the tread down to the treadwear indicators—2/32 inch (1.6 mm)—during the first half of the treadwear warranty (0 to 40,000 miles or 0 to 65,000 kms), Nokian Tyres will replace your tires at **no charge**.

Should your tires wear evenly on all four tires across the tread down to the treadwear indicators—2/32 inch (1.6 mm)—during the second half of the treadwear warranty (40,001 to 80,000 miles or 65,001 to 130,000 kms), the treadwear warranty credit will be calculated on a pro rata basis. The pro rata calculation will be based on actual miles (or kilometers) driven with the starting basis for the credit to begin at 40,001 miles (or 65,001 kms). The first 40,000 miles (or 65,000 kms) will not count towards the pro rata replacement cost.

**For eNTYRE 2.0 with a UTQG rating of 580/A/A:**

A supplemental warranty shall also apply to sizes with lower treadwear warranty with UTQG rating of 580/A/A (205/50R17, 215/50R17, 225/50R17, 215/45R17, 225/45R17, 235/45R17, 235/50R18, 225/45R18, 235/45R18, 245/45R18, 225/40R18, 245/40R18).

Should your Nokian eNTYRE 2.0 wear evenly on all four tires across the tread down to the treadwear indicators—2/32 inch (1.6 mm)—during the first half of the treadwear warranty (0 to 30,000 miles or 0 to 50,000 kms), Nokian Tyres will replace your tires at no charge.

Should your tires wear evenly on all four tires across the tread down to the treadwear indicators—2/32 inch (1.6 mm)—during the second half of the treadwear warranty (30,001 to 60,000 miles or 50,001 to 100,000kms), the treadwear warranty credit will be calculated on a pro rata basis. The pro rata calculation will be based on actual miles (or kilometers) driven with the starting basis for the credit to begin at 30,001 miles (or 50,001 kms). The first 30,000 miles (or 50,000 kms) will not count towards the pro rata replacement cost.

**The exceptions to warranty coverage and owner's obligations listed in the Limited Warranty shall also apply to the Supplemental Warranty.**

- Limit of one (1) set of tires originally purchased to be replaced by the Supplemental Warranty. Tires replaced pursuant to this Supplemental Warranty shall not thereafter be eligible for coverage under this Supplemental Warranty. They shall, however, be subject to coverage under Nokian Tyres Limited Warranty.
- This applies only to the original purchaser of a new set of four (4) eligible replacement Nokian Tyres brand passenger tires.
- A set is four tires.
- All four tires must be purchased the same day, mounted on the vehicle stated on the invoice and must be returned to the participating retailer where they were purchased. Proof of rotation may be required upon application of the supplemental warranty, if the difference in tread depth between the front and rear axles exceeds 2/32".
- This offer is available only to the original purchaser and is nontransferable.
- Other service charges, including but not limited to mounting and balancing, or applicable taxes are not included.
- Online purchases are not eligible.
- Commercial, racing, or off-road use, improper inflation pressure and/or load, misapplication, or damage by road hazards or other abuse, is excluded.

**Warranty does not apply to tires:**

- Used in commercial applications including, but not limited to, police, taxi service, rental cars, national account, government, and contract sales
- Supplied as original equipment
- Installed on any vehicle other than the vehicle on which they were originally installed
- That after leaving the producing factory have had the tread pattern altered in any manner such as, but not limited to, siping, carving, shaving, or having any material applied to the tread surface.

**Please refer to the chart to determine customer replacement price at specific intervals.**
